

Refugee aid **INGA** e. V. LEARNING WITH DIVERSITY!

INGA is an initiative that has been committed to helping refugees and asylum seekers start their new lives for over 20 years. We help in everyday situations that are unfamiliar to refugees because of culture and language and to which they can find no answers.

NOBODY FLEES VOLUNTARILY!

Refugees escape from war, persecution and massive violation of their human rights. Many flee because their lives and those of their families are threatened and they don't know any other way out.

Every day hundreds of refugees risk their lives – seeking protection and security.

What causes refugees to give up their home country, friends, family and everything they own? There are an endless number of reasons and fates. But they all have one thing in common: Nobody flees voluntarily!

We usually meet once a month at 6:30 pm in the meeting room of the Youth Welfare Office in the town hall. Interested citizens with the same objective are always welcome. Time and place can be found on our homepage.

So it all started

The name "INGA" comes from the Wülfrather Peace Initiative INGA from the 1980s. In the meantime, our assistance has focused on the care of refugees living in Wülfrath, thus a contribution to inner peace.

INGA, teachers, social pedagogues,

theologians and above all committed citizens from Wülfrath. We want to give the refugees stranded in Wülfrath a bit of hope for a human life. We all work voluntarily.

Please support our work with a donation or simply donate a bit of your spare time. We can use every hand and every cent.

What drives us

Refugee aid is an act of humanity. Much of the refugee aid in our country is not running yet. Authorities are often overstretched and fail to communicate and deal with asylum seekers and refugees. Often, citizens have to mediate between authorities and refugees because the authorities have so far rarely managed to provide their services adequately. A lack of financial resources among the local authorities is one thing.

However, voluntary refugee work can only support state tasks in an emergency and in no case replace them structurally.

Honorary office is a service directly to people and we are looking forward to welcoming refugees and giving you a sense of security and acceptance through various offers.
